PREMARKET 510(k) NOTIFICATION

Non-Sterile, Powder-Free, Nitrile Examination Gloves with Lanolin and Vitamin E Coating, Blue

K111718

JUN - 8 2012

Submission Applicant: UG Global Resources Sdn Bhd 1st Floor No. 18 Jalan Dato' Abd Rahman 70000 Seremban Negeri Sembilan Darul Khusus, Malaysia

Official Correspondent: Kenneth J. Stanton,President UG Healthcare (USA) Inc. 1565 Sunflower Avnue Costa Mesa, Ca 92626 Tel: (714)444-2248

Fax: (714)444-2271

Description of the Device: Non-Sterile, Powder-Free, Nitrile Examination Gloves with Lanolin and Vitamin E Coating, Blue

Trade Name: Lano-E

. A. Common Name: Examination Gloves

Classification Name: Patient Examination Glove (per 21 CFR 880.6250)
Class 1: Powder-Free Nitrile examination glove 80LZA that meets all of the

requirements of ASTM D6319-10.

Predicative Devices: Lano-e Nitrile Powder-Free Examination Gloves, #K050765.

<u>Intended Use of the Device:</u> A patient examination glove is a disposable device intended for medical purposes that is worn on the examiner's hand or finger to prevent contamination between the patient and the examiner.

SUMMARY

PREMARKET 510(k) NOTIFICATION

Non-Sterile, Powder-Free, Nitrile Examination Gloves with Lanolin and Vitamin E Coating, Blue

Summary of Technological Characteristics:

Material: Nitrile Cuff: Beaded Powder Residue: Maximum 2mg/glove

Characteristics	Standards	Device Performance	
Dimensions	ASTM D 6319-10	Meets	
Physical Properties	ASTM D 6319-10	Meets	
Freedom from Pinholes	ASTM D 6319-10 ASTM D 5151-06	Meets Meets	
Powder-Free Residue	ASTM D 6319-10 ASTM D 6124-06	Meets Meets	
Biocompatibility	Dermal Sensitization (as per ISO 10993-10:2002	Not a contact skin sensitizer	
	Primary Skin Irritation Test	Not a primary skin irritant	

Special Properties: Lanolin and Vitamin E inner coating

Packaging: 100 pcs per dispenser box, 10 boxes per case, 1,000 gloves per case

Sizes: XS – XL

Conclusion: Non-Sterile, Powder-Free, Nitrile Examination Gloves with Lanolin and Vitamin E Coating, Blue, meets the physical property requirements of ASTM D 6319-10, the FDA 1000ml water test both before and after aging. This product is as safe, as effective, and performs as well or better than the legally marketed 510 #K050765. It has been supported by results of Biocompatibility Tests, Residual Powder Contents tests, Physical Property Tests and the 1000ml Water Tight Test.

Re: K111718

Trade/Device Name: Non-Sterile, Powder-Free, Nitrile Examination Gloves with

Lanolin and Vitamin E Coating, Blue Regulation Number: 21 CFR 880.6250

Regulation Name: Patient Examination Glove

Regulatory Class: I Product Code: LZA Dated: May 23, 2012 Received: May 29, 2012

Dear Mr. Stanton:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you, however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the <u>Federal</u> Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); medical device reporting (reporting of medical device-related adverse events) (21 CFR 803); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please go to

http://www.fda.gov/AboutFDA/CentersOffices/CDRH/CDRHOffices/ucm115809.htm for the Center for Devices and Radiological Health's (CDRH's) Office of Compliance. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). For questions regarding the reporting of adverse events under the MDR regulation (21 CFR Part 803), please go to

http://www.fda.gov/MedicalDevices/Safety/ReportaProblem/default.htm for the CDRH's Office of Surveillance and Biometrics/Division of Postmarket Surveillance.

You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 796-7100 or at its Internet address http://www.fda.gov/MedicalDevices/ResourcesforYou/Industry/default.htm.

Sincerely yours,

Anthony D. Watson, B.S., M.S., M.B.A.
